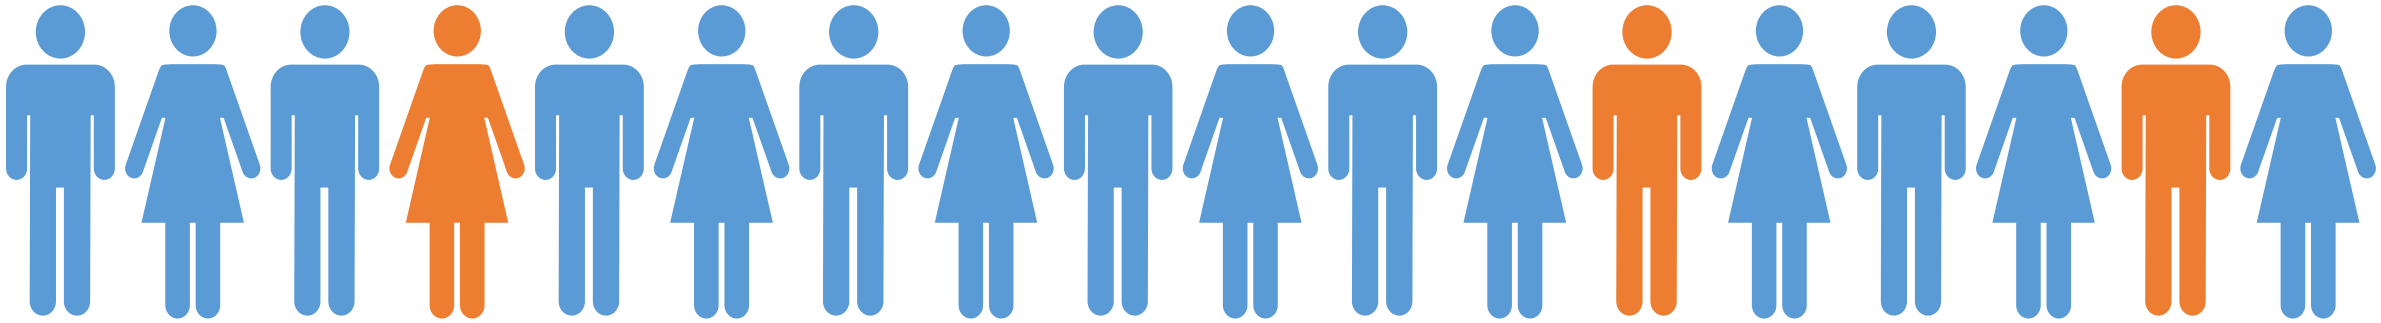
Internship Opportunity

At 10Alytics we offer a free one-month internship that provides participants with the requisite work experience.

The whole essence of the internship is to provides some level of exposure to a particular industry or field. In as much as it is a learning experience, it also counts as work experience. Ideally, the interns are given projects and they spend their time working through the project, learning about the field, networking with industry experts and developing both hard and soft skills.

Our Internship Stats

Our internship program has graduated a total of 574 Interns with 80 interns still in the program



Data Nest
309 Internships Completed
50 Internship In-Progress

Data Analyst Track
215 Internship Completed
30 Internship In-Progress

Finance Growth Program
50 internship Completed
